Seat Armrest Truck And Bus Parts Left Right Adjustable Armrests Function Information

The armrest can be adjusted, and the adjustment range is based on the horizontal plane, and can be adjusted upward by 90° and downward by about 41°. After adjusting to the appropriate range, turn the roller to lock to ensure driving safety. When not in use, it can be adjusted upwards to be parallel to the backrest without any hindrance.

Pay Attention

The goods are shot in kind, due to the impact of external light, it is inevitable that there are color differences, if you mind the color difference, please carefully consider order
